## *The Country Club at The Highlands*

As I enter my 13<sup>th</sup> season at The Country Club at The Highlands, I reflect back on the changes and growth of our club. We started as a public golf course with some members, working out of a single small building. We steadily grew into a true semi-private club that allowed public play. Finally, we became a full fledged private facility with a new 25,000 square foot clubhouse that provides our members with social, dining, and exercise options.

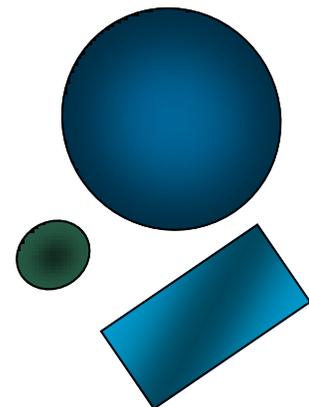

With growth comes member involvement in a number of different ways. Our goal is to provide golf and social options for all of our members. Whether you have never touched a golf club, are brand new to the game, a novice, or an accomplished player, we have programs for you. We have casual golf options for those of you who are not terribly competitive and plenty of tournaments and member events to whet your competitive appetite. Junior golf has been a particular focus for us in recent years and we have options for little ones all the way up to the strong high school golfer.

We are uniquely positioned this year from a service standpoint. The club is fortunate to have two outstanding assistant golf professionals. Robert Nowak, PGA has established an excellent clientele and has been a wonderful asset to the club for many years now. Coley O'Dell has begun his quest for PGA membership and will be instrumental in our junior programs as well as all facets of the golf operation.

We hope that you enjoy this 2015 Golf Program Booklet and find it as a useful tool to take better advantage of all the club has to offer. Again, our goal is to provide options for you to get more involved in your club. Should you have any questions or would like to get involved in the programs, please get in touch with us at the golf shop. We look forward to taking care of your needs.

Sincerely,

Scott A. Graber, PGA  
Head PGA Golf Professional

### **MGA**

The Highlands MGA (Men's Golf Association) was founded by a handful of members over 10 years ago with the expressed intent of forming a lasting organization dedicated to promoting the game of golf here at the Highlands as well as the RVA region. The organization has evolved over the last decade and has grown to over 120 members, with handicaps that range from the single digit to over 30. The Highlands MGA is open to golfers of all abilities. Our events and functions are designed to make all Country Club at the Highlands' members feel welcome.

When you sign up in the Pro Shop for MGA play, you never know who you will be playing with. As a new member, it is the ideal way to get to know the entire membership.

The MGA organizes a number of golfing events throughout the year. These can range from simple weekend stroke play matches to two & four man team events with a variety of different formats. These weekend events typically involve up to 40 players. We also organize a few marquee events during the year:

#### **Match-Play Tournament**

**May 1-3**

This is a three day, flighted event. Competitors play match-play to determine flight winners. The event concludes with a thrilling and often stressful shoot-out amongst the flight winners.

#### **Highlands Cup**

**July 23rd -26th**

This tournament is a Ryder Cup style team event. This fantastic four day event begins with an election/team announcement party, a large dinner party at the mid-point, with an often suspenseful conclusion to the tournament on Sunday afternoon.

The Highlands MGA supports two notable charities, the VCU Massey Cancer Center and *The Families of the Wounded Fund*. This support is in the form of fundraising for charitable donations, as well as volunteering at events that support these two extremely worthy charities. We also support the Club's growing youth golf programs.

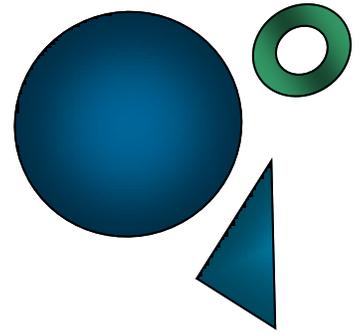

To learn more about the MGA you can visit our web site at [www.highlandsmga.com](http://www.highlandsmga.com) or reach out to any of our officers.

## HSMGA

**The HSMGA** (Highlands Seniors Men's Golf Association) is open to all members of the Country Club at The Highlands, 50 years of age or older, with a valid Highlands Handicap. The purpose is to have a group of SENIORS to draw from to participate in the 4-CLUB tournaments, the Greater Richmond Senior Men's Golf Association Tournaments (GRSMGA) and any other small weekday tournaments that may become available. This is separate from the MGA.

**4Club:** Consists of a 15 man team counting the 12 best net scores as your team score. In addition, you will play with 1 player from the other 3 clubs and be a 4 man team, counting the 2 best net scores per hole. \$45 per person/per event includes golf, food, beverages and prizes.

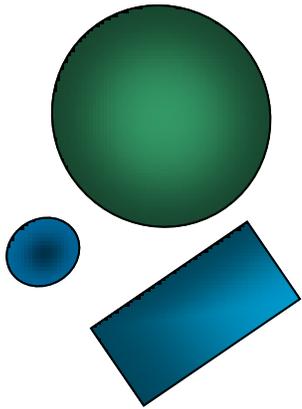

**GRSMGA:** These are INDIVIDUAL tournaments, with approximately 84 players divided into 4 flights based on handicaps. We will send 10-12 players to each course. The cost is \$45 per event, except CCV which is \$50. This includes golf, food, beverages and prizes. There are 12 clubs.

This is a chance to play several PRIVATE courses in the area, make new friends, have a great lunch, beverages, fellowship and a chance to win prizes, all at a reasonable cost. All tournaments are WEEKDAY MORNING, SHOTGUN STARTS. They start in April and end in October.

We also play Providence and Birkdale in home and home TEAM Matches, 24 players on each team.

## Tournament Championship

The Tournament Championship points race rolls on for the 2014-2015 wrap around season. Year 1 was a resounding success. In Year 2, we added a Skins Game. Year 3 has some enhancements for you as well. Throughout the year, players will have many opportunities to accumulate points during tournaments in order to qualify for a year ending event, culminating with a crowning of a tournament champion. Players can earn points by just participating in an event, and earn more by performing well. Whether it's as an individual, a team, or in a flighted event, there are opportunities for players of all abilities to earn points. We hope this will serve as an exciting way to compete with your friends throughout the year, while rewarding those that play consistently as well as those that excel during tournaments.

### **Who Qualifies?**

The year ending Tournament Championship will invite the 72 players that earned the most points during the tournament season. In the event that one of the top 72 cannot participate, the field will be shrunk by that number. If less than 60 of the top 72 can participate, we will contact #73 and others until we have a 60 player field. This is a change from the previous two years, creating more excitement and, potentially, a more select field.

### **What are you Qualifying for?**

Besides a chance to be the overall Tournament Champion, the Tournament Championship will be a celebration for those that have played well throughout the year. This celebration will begin with a pre-event awards dinner on Friday October 23rd. This will be a jacket and tie event where players will be recognized for their achievements throughout the tournament season. Players are urged to invite their spouse/significant other to the dinner if he/she did not already qualify for the event. Following this Friday night event, we will again host a team Skins Game on Saturday afternoon. Twelve lucky members will be chosen on Friday night to compete in the Skins Game on Saturday October 24<sup>th</sup>. This number has increased from eight in 2014. The Tournament Championship itself will be held on Sunday, October 25th. All of these events will be at no cost for all the players that have earned entry into the Tournament Championship.

The Tournament Championship will be broken into 5 flights (previously six). If there is not an even number of players in each flight, the first flight will have the first player, the second flight the second player, etc. For example, if 68 players RSVP to play in the event, the flights will have the following numbers: F1-14, F2-14, F3-14, F4-13, and F5-13. As far as the prize money is concerned, Flight 1 will have the largest purse, Flight 2 the second largest, Flight 3 the third largest, Flight 4 the fourth largest, and Flight 5 the fifth largest. Only the players in the first flight will have a mathematical chance to be the overall Tournament Champion.

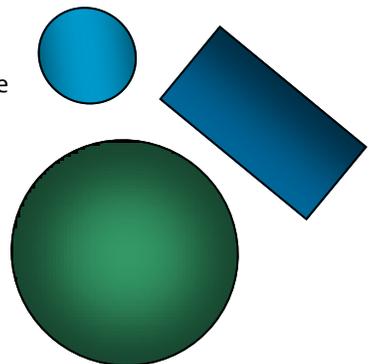

As a special bonus... the winner of each of the flights will also receive an invitation for an exclusive, all expenses paid golf trip with the golf professionals. In addition to these five flight winners, the Player of the Year will also qualify for the golf trip. If the Player of the Year wins his/her flight and has, therefore, already qualified for the golf trip, the final position will be awarded to the player with the best net score, in any flight, that did not win his/her flight. This was a much needed enhancement and truly rewards our Player of the Year.

### Local Rules

- 1. Greenside fans.** Greenside fans are considered temporary immovable obstructions and free relief (relief without penalty) can be taken under USGA local rule (USGA Rules of Golf, 2012-2015, Appendix 1, Part B, section 7a). Relief can be taken for interference with stance, swing or line of play. Player must take “full but minimum” relief. Determine the nearest point of relief no closer to the hole that is not in a hazard or on a putting green. Drop within one club length, no nearer the hole, with no penalty.
- 2. Embedded ball through the green.** Per USGA local rule (Part B, 4a), free relief is available through the green for a ball embedded in its own pitch mark. Drop as near as possible to where the ball lay but no nearer to the hole.
- 3. Ground Under Repair and Abnormal Ground Conditions.** All ground under repair is marked accordingly and is played in accordance with rule 25-1. In addition, a local rule allows free relief from interference with swing by exposed rocks and tree roots through the green. Drop within one club length, no nearer the hole, with no penalty.
- 4. Mulch Area Grooves and Seams of Cut Turf.** Per USGA local rule (Part B, 4e), seams in cut turf (such as in a recently sodded area) and grooves at the perimeter of flower and mulch beds are deemed to be ground under repair. Play in accordance with Rule 25-1. Note that the mulch bed, in and of itself, is not considered ground under repair.
- 5. Mandatory Free Relief.** There are three areas on the course where a player must take relief from ornamental plantings. These areas are (1) the Linda Eastwood memorial garden to the left of the green on hole #6, (2) the several ornamental planting areas near the left side of the green on hole #15 and (3) the Paul Ferrara memorial tree behind the green on hole #14. Relief is mandatory if the ball comes to rest inside the mulched zones that define these areas. Drop within one club length, no nearer the hole, with no penalty.
- 6. Streets Defined as Out of Bounds.** All public streets are defined as out of bounds. If a ball that crosses a public street comes to rest on a part of the golf course that is in bounds, that ball is considered out of bounds.
- 7. Drop Zones.** Numerous holes on the course have designated drop zones (see Part B, 8); these provide an additional relief option for balls in a water hazard. Under a penalty of 1 stroke, drop within the zone. The option of using the drop zone is available as long as the point from which the lost ball was played lies further away from the hole than does the drop zone. That is, until a ball is played from a spot closer to the hole than the drop zone, the player still has the option of using the drop zone for a ball in the hazard.
- 8. Use of Distance Measuring Devices.** Distance measuring devices that measure distance only are approved for use in accordance with Part B, 9.
- 9. Stones in Bunkers are Movable Obstructions.** Stones in bunkers are declared to be movable obstructions and can be removed. See Appendix 1, Part A, 5b.

**Provisional Ball for Ball Presumed in Water Hazard.** If a ball is thought or likely to be in a water hazard, a provisional ball may be played in accordance with Part B, 1. The player declares and plays a provisional ball before looking for the original ball. If the original ball is found outside the hazard, it is the ball in play. If the original ball is found in the hazard the player may play the original ball as it lies or play the provisional ball. Note that if the original ball is played, it must be played as it lies; the normal relief options for a ball in hazard (Rule 26) are not available.

**Special Note:** On Holes #12, #16, and #18, the boundary of the left side of the lateral water hazard has been marked in places to coincide with the left edge of the cart path. In addition to the options provided in Rule 26, drop zones have been added. See Local Rule 7 above.
